

GLACIER

GENERAL

First integrated ice maker in the industry

- Dual-zone, dual-control
- Fastest cooling in the industry
- Wire-free cooling for up to 40 hours
- 38L large capacity
- Detachable suitcase design
- Smart app control

SPECIFICATIONS

AC Input: 100-240V, 50/60Hz, 180W

Solar Charging Input: 240V (11-60V, 13A max)

Car Charging Input: 96V/192V (12/24V, 8A max)

Battery Power: 100W (USB-C)

Operational Volume: Single zone: 38L (40 cans);
Dual zone: 36L (38 cans)

Net Weight: 23 kg

Dimensions (wheels and handles not included): 776
× 385 × 445 mm

IP Rating: IPKS4

Cooling Temperature Range: -25°C to 10°C (-13°F to
50°F) (ambient temperature at 25°C)

Noise Level (stable operation): Ice making: <52dB;
Cooling: <42dB

Refrigerant Type/Quantity: R600a, 32g

Fast Freezing Mode (30°C to 0°C): 15 minutes

Cooling Power Rating: 120W

Bluetooth: Yes

Wi-Fi: This product supports only 2.4G Wi-Fi
