

DUAL GIMBAL CONNECTOR

IN THE BOX

Dual gimbal assembly × 1
Backup absorber ball × 8
Repair toolkit

OVERVIEW

Used to mount your loads to the bottom of Matrice 300 RTK, the dual gimbal assembly has a waterproof grade of IP44 (with waterproof loads as defined in IEC 60529 only).

TIPS

For the safety of the drone, it is recommended to turn off the drone and remove the intelligent flight battery before replacement.
