

# TETHER POWER SUPPLY SYSTEM TK300

## ON-BOARD POWER SUPPLY

### Sky-port size

134\*92\*97 mm

### Weight

515 g

### Over temperature protection

80 °C

### Overcurrent protection

Automatic protection of airborne power supply when output current > 65A

## GROUND SYSTEM

### Ground end dimensions

560\*390\*260mm

### Weight

13kg(including cable)

### Power Rating

Rated 3.0KW

### Carrying Method

- Backpackable
- Portable

### Ground placement

2 Folding brackets

### Cable Length

110m

### Rated input voltage

AC 220 V±10%

### Operating temperature

-20°C~+50°C

## DUAL MODE TRANSPORT

- Backpackable
- Portable
- Ergonomic braces

## MULTIPLE POWER SUPPLY

- Accumulator power supply
- 220V mains power supply
- Generator power supply

## LONG ENDURANCE

- Ground 3KW power
- Sustainable power supply for drones
- Long hovering time

## GROUND WORKING MODE

- Foldable stand
- LED work light
- 30m<sup>2</sup> high-brightness lighting
