

DJI MATRICE 3D SERIES INTELLIGENT FLIGHT BATTERY 15

COMPATIBILITY

The DJI Matrice 3D Series intelligent flight battery is designed to maximize your time in the air, with an impressive capacity of 7811 mAh and a voltage of 14.76 V.

It is perfectly compatible with DJI Matrice 3D and DJI Matrice 3TD drones, guaranteeing seamless integration and optimum performance.

Featuring an advanced LiNiMnCoO₂ chemistry, this 4S Li-ion battery delivers a powerful 115.2 Wh for extended, efficient missions.

Lightweight and robust, weighing just 544 g, it is designed to withstand charging temperatures ranging from 5° to 45° C, ensuring safe and efficient use in a variety of weather conditions. With a life cycle of 400 recharges, this battery promises longevity and reliability. With a maximum charge voltage of 17.0 V, it recharges quickly, allowing you to get back in the air without long delays.
